

THANK YOU FOR DOWNLOADING THE KNOW MSG ASSET FOLDER!

For years, the American public has been misinformed about monosodium glutamate, so we've created this new symbol to spread the safety facts and science behind MSG. In this folder are a variety of different hi-res versions and file types of the Know MSG symbol.

We've worked with designer Zipeng Zhu to make his design public domain so anyone can use it, without licensing costs or additional permissions. Thanks again for your support and don't forget to tag #KnowMSG on social media to show us how you're using the new symbol.
